

## Updated Guidelines Based on CDC Guidelines

**Masks are required for all students, staff, faculty and visitors at all school functions.**

### **Quarantine Time**

Quarantine time is 5 days after a confirmed infection. (Confirmed via a test)  
If no symptoms or symptoms are resolving after 5 days, you can return to school.

### **Fever**

If you have a fever, continue to stay home until the fever resolves. You can return to school 24 hours after fever resolves.

### **Who does not need to quarantine?**

If you came into close contact with someone with Covid-19 and you are age 5 to 17 and completed the primary series of Covid-19 vaccines and are not showing any symptoms.

### **Who should quarantine?**

If you come in close contact with someone with Covid-19 and you are not vaccinated.

### **Close Contact**

**Close** for a total of 15 minutes). Someone who was less than [6 feet away from infected person](#) (laboratory-confirmed or a [clinical diagnosis](#)) for a cumulative total of 15 minutes or more over a 24-hour period .

**Exception:** The **indoor classroom** setting excludes students if both the infected student and the exposed student(s) [correctly and consistently](#) wore well-fitting [masks](#) the entire time.

***Teachers, staff, or other adults follow the same rules as students if positive or close contact. Quarantine time is 5 days.***

**The school office will notify you of a return date for your student should they be out due to illness.**

These guidelines will remain in effect until the board reviews any CDC guideline changes or suggestions.
